New England Urgent Care Opens in Bristol this week

Continuing its goal of meeting the demand for compassionate, quality immediate medical care at an affordable cost, New England Urgent Care will open in Bristol on December 26, 2014. The facility is located at 576 Farmington Avenue (Route 6), across from Super Stop & Shop. This is New England Urgent Care's fourth location in Connecticut.

Each day during its weeklong Grand Opening, New England Urgent Care will offer one of the following FREE services: flu vaccinations, chair massage, and school physicals. Special gift bags will be given to the first 100 visitors. Interested parties can visit the website for a schedule of Grand Opening events and special offers.

"We are very excited to be part of the Bristol community and to offer exceptional immediate medical care at a fraction of the wait time and cost of a typical ER visit," explained Michael Gutman, MD, PhD, FACEP and New England Urgent Care Medical Director. "The town, local Chamber of Commerce as well as area residents and businesses have been very supportive."

All four New England Urgent Care locations — Bristol, West Hartford, Enfield and Simsbury — are uniquely staffed with providers and RNs that have years of emergency medicine experience. And, every facility is equipped to perform on-site X-rays, IV treatments, lab tests, castings and suturing.

New England Urgent Care is open every day of the week — including all holidays and weekends. Each facility has the equipment, expertise and staffing to treat ALL non-life threatening illnesses and injuries for ALL ages, including infants and the elderly. New England Urgent Care also treats work-related injuries, offers comprehensive workers comp services, and performs physical exams as required for DOT, work, school, sports and youth camp without the need for an appointment.

New England Urgent Care has received numerous awards and recognitions for its superior care, including the 2013 Hartford Business Journal Healthcare Heroes Award; Hartford Magazine Best of 2014 for Urgent Care Centers; and most recently, received recognition as a finalist for 2014 Hartford Business Journal's Family Business Awards and 2014 Health Care Heroes Award.

New England Urgent Care can be reached by phone (toll-free) 844-884-9911. For more information, visit www.UrgentCareNewEngland.com
